PRECUT READY-TO-APPLY

TRAINING enhance your Clinical Outcomes by Learning about Kinesiology Taping

Develop a further understanding of how to modulate pain and myofascial dysfunction through the use of Kinesiology taping applications with SpiderTech™ Clinically Based Level 1 Theory and Application Course. This one day, 8 hour program combines clinically based scenarios with hands-on training of how to use Kinesiology Taping with an easy to apply Pre-Cut Format.

You will be provided with a comprehensive understanding of the Neurophysiology of pain, the proposed mechanisms of How Kinesiology Taping Works, and How to Apply SpiderTech Applications. At the end of this one day course you will be proficient in the practical skills necessary to apply Kinesiology Taping .

Registration fees are \$395 (\$295 for Students). As part of your fee, you will receive over \$200 worth of tape products and course materials, including a full set of the 17 SpiderTech Pre-cuts applications for use in your clinic post training. Early bird discount of 10%, if you register before 30th September 2010. [All prices include GST]

Dr Nick Tsaggarelis, Director of Education and Research for SpiderTech, will be Visiting from Canada as our guest presenter only for our Melbourne training sessions on the 9th and 10th of October 2010
